

Dropout Recovery

Dropout Prevention

Objective:
Work with counselors and prevention specialists to identify students at risk

Targets:

- ✓ Enrolled seniors at risk of dropping out for life circumstances, given loaner laptop
- ✓ Enrolled students with fewer than 12 credits, 16-18 years old, NO loaner laptop

Dropout Recruitment

Objective:
Work with truany officers to target specific students who are no longer in school

Targets:

- ✓ Students who have 12 credits, 18-20 years old, given loaner laptop
- ✓ Open enrollment students with 12 or more credits, 18-20 years old, NO loaner laptop

Outreach and Marketing

Objective:
Work to spread awareness of initiative through community and employee outreach

Strategies:

- ✓ Door-to-door awareness campaign
- ✓ Web, print, PSA, social media, ParentLink
- ✓ Bus & bus stop publicity campaign
- ✓ DA event link

Online Credit Recovery

Objective:
Increase the number of seniors on track to graduate and the number of on-time grade promotions

Strategies:

- ✓ Monitor student enrollment and earned credits
- ✓ Increase opportunities for online courses
- ✓ Align site-based & Online Learning Center credit recovery programs

Virtual High Schools

Objective:
Develop an online learning center that assists students in making up credits for graduation

Strategies:

- ✓ Provide a Central computer lab
- ✓ Offer supervised evening hours for students
- ✓ Use social networking tools

Program Evaluation and Funding

Objective:
Use data gathered from Implementation to develop a Virtual High School

Strategies:

- ✓ Identify data needs and track such data
- ✓ Identify best practices at nationally recognized online high schools
- ✓ Align such practices with SUSD

Job & Career Partnerships

Objective:
Partner with the community to incorporate job opportunities for dropout recovery students

Strategies:

- ✓ Explore partnerships with community organizations and programs
- ✓ Identify internship and apprenticeship opportunities
- ✓ Partner with JTED to establish opportunities for career paths
